

# MUSEUM TREASURE TRAIL

## ANSWERS

### PAGE 1

This artwork is made out of ghost nets- abandoned fishing nets.

### PAGE 2

This is a Jellyfish.

True! Jellyfish are one of the largest kinds of zooplankton.

### PAGE 3

A Great White Shark.

This chain mail suit is designed to protect the person who wears it from shark bite injuries. The metal mesh is fine enough that shark teeth can't go all the way through it to the skin.

### PAGE 4

This is HMAS Vampire.

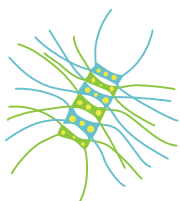

A daring-class Destroyer.

The 3 foods are a sausage, an icecream and fairy bread.

### PAGE 5

Plankton includes some **bacteria**, some **viruses**, some **algae**, some plankton are **plants** and some are **animals**. Despite their strange appearance they are not aliens.

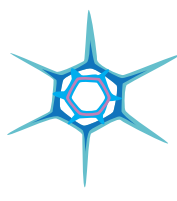

You should have circled all of these images

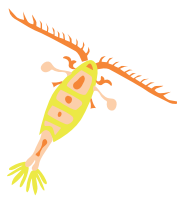

Diatom chain

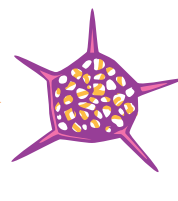

Jellyfish

Silicoflagellate

Copepod

Radiolarian

Krill

### PAGE 6

Pearling Lugger

John Louis

Pearling Lugger

Tribal Warrior

### PAGE 7

Your own answer

### PAGE 8

The secret code is AUDUMUS

This is HMAS Vampire's motto. It means *Let us be daring*.
